Chapter 1

Introduction

The Of Course gets its name from the Latin word, *currere*, meaning to run, and the word *of* is a play on the word love. The phrase *of course* means: in the natural or expected order of things; naturally. A course in love making. There is a more sarcastic meaning—of course you knew this! The author likes that one the best.

The Course can be compared to learning a secret martial art like Judo. Nobody will know unless they fight you, and in this case, nobody will know unless they have sex with you. Unique to this body of work, the practitioner masters the male compression cycle.

Sexual compression is analogous to holding a glass: too much pressure and the glass breaks, or not enough pressure and the glass slips from the hand. The Course sets a contract between the male and female. Vaginal moves are set to create a tightening of the screws of sexual compression. Meanwhile, the male manages the sexual tension and seeks a dynamic course.

In accordance with this, the Course seeks a divergence of sexual character. Therefore a man has sex like a man and a female has sex like a female. The sex moves are also dissimilar, and in this sense, the male creates a tolerance to the female's selected tension. The resolution of these two diametrically opposed forces creates the compression cycle.

In his ground breaking work, *Flow: The Psychology of Optimal Experience*, Mihaly Csikszentmihalyi attempted to prove that flow was created when skill levels met challenges.¹ In doing so, the brain achieved a sense of well being, happiness, or flow. The Of Course attempts to raise skill levels and challenges to likewise achieve mental flow.

There is no right way or wrong way to have sex, only a skilled and less skilled. If the skilled path is chosen then there are rules. The Of Course is possibly the only sex manual extant with discernible limits. If these limits are breached, there are definite consequences. Therefore, the Course creates a person skilled in the boundaries of love play.

Unfortunately, sex is a game with nebulous borders, and a skilled tactician has an unfair advantage over a sexual neophyte. I am your Course master, and I mean no harm. However, if you are a sexual predator that likes to ensnare your victims with devices, then I hope you are hoist with your own petard.

I set off the previous bomb to challenge your Course perspective. Most people are good though and just want to learn better things. I hope that you're one of them—Good Luck!

In The Of Course, you will find the development of skills needed to complete your first course. The next chapter, THE BASICS, shows how the sex basics apply to the Course. Chapter three contains THE SECRETS. These are the secret moves used to control the limits of sexual compression. Chapter four lays out THE COURSE COMPLETE. The exact moves spelled out for you and your lover to adeptly finish the first course. Chapter five is called FINAL COURSE THOUGHTS. Once the first course is completed, here are a few important things to think about.

The ADVANCED Chapter is beyond the skill level of the Course novice. Omit that information from the first course. Those moves could cause the opposite of the desire effect.

Finally, the original course creator hopes this is imparted to the Course you create with others. The Of Course creates strength and competence not fear and apprehension. Build your lover as strong as possible and the reward will be great. Don't hold anything back and you will live a life without sexual want. The Of Course has paid me back a thousand times over and it's my pleasure sharing it with you.

Chapter 2

The Basics

The first question is: why do we need a sex basics chapter anyway? Why not skip this Chapter and go straight to THE SECRETS?

Thank you for your interest in downloading Chapter one of The Of Course. Congratulations, shortly you will be reading the most powerful sex manual ever created.

I was once like you, nine years ago I had no idea about sexual compression. Within a few months of creating The Of Course I was having the best sex of my life. Moreover, the females of the early days rapidly became excellent Course tacticians as well. They too said they were having the best sex of their lives.

Imagine for a moment, not ever having any fear or doubt about your skills or the skills of your partner. There are no limits on what you can accomplish in your sex life. I'm a Course master and my skills are still improving. For example, when I was studying Art several years ago, I suggested to a female friend to place values into her Course. She was also an artist, and she rapidly placed values on every stroke construct. Are you serious!? My Course literally changed overnight.

I'm an aficionado, and that means I will hold nothing back. In cold weather training, I risked my life to prove how far the human body could go. I, Colden Thorne, will give you an iron clad guarantee: You must have the best sex of your life, and your sex life must continue to improve for the rest of your life, or I must return every dime of The Of Course purchase price. In other words, this product is purchased with a lifetime guarantee. From one aficionado to another, my word is worth more to me than a fist full of dollars.

Recall quickly what I did to change my sex life. I did what you will do—I took action! I guarantee this will be the best decision of your life. Thanks for reading, and of course, good luck in your Course!
